Installation Guide for AspxFormsGen 4.0

This guide will show you how to install AspxFormsGen 4.0. The installation is easy enough that most developers won't need this guide; you simply need to follow all the prompts given by the wizard during the installation. This guide is not specific to any version of this software, therefore you can use this guide for the Professional Plus and Express versions of AspxFormsGen 4.0

1. You need to unzip the compressed AspxFormsGen 4.0 file to a folder of your choosing. After unzipping, go to the folder where you unzipped AspxFormsGen 4.0, then *double-click* the **setup.exe** to start the installation. See Figure 1.

Figure 1 Unzipped Files

2. The welcome screen of the wizard will appear as shown in Figure 2. Click Next.

Figure 2 Welcome Installation Screen

3. Read the license agreement, then click I accept the terms in the license agreement option. Then click next. See Figure 3.
