## Installation Guide for AspCoreGen 2.0 Razor

This guide will show you how to install AspCoreGen 2.0 Razor. The installation is easy enough that most developers won't need this guide; you simply need to follow all the prompts given by the wizard during the installation. This guide is not specific to any version and or edition of this software; therefore you can use this guide for the Professional Plus and Express editions of AspCoreGen 2.0 Razor.

1. Double-click the **AspCoreGen2RazorProPlusSetUp.msi** file to start the installation. See Figure 1.

Figure 1 Unzipped Files

2. The installation will load briefly showing the Preparing to Install screen, then jump right into the Welcome screen of the wizard as shown in Figure 2. Click Next.

## Figure 2 Welcome Installation Screen

3. Read the license agreement, then click *I accept the terms in the license agreement* option. Then click next. See Figure 3.
